

# GOODBYE STRANGER

---

**IN A NUTSHELL** FRESH, SMOOTH, SWEET AND EASY. IT'S BEEN NICE.

Golden Ale is the Yacht Rock of the craft beer world.

Smooth, mellow, middle of the road. Polished, balanced and safe. So wrong, yet so right.

Our version is a little darker than most, though the only thing 'deep' about Goodbye Stranger is its golden hue - more bronze than Pina Colada, more copper than paradise.

Fresh, smooth, sweet and easy.

You can say the devil is our saviour, but we don't pay no heed...
