

CRED

IN A NUTSHELL TOFFEE, CITRUS & PINE NEEDLES. STREET.

CRed is a hoppy, Red-ish Ale featuring the “C” Hops: Cascade, Citra and Chinook.

Weyermann Carared, Caraaroma and Melanoidin malts make up the deep toasty, biscuity, malty backbone which is only just kept in check by the big pine/lime “C” Hop influence.

Smooth, full and at 4.5% a credible session ale.

Who doesn't like the idea of ordering CRed by the pint?
