

# MARCHING ORDERS

**IN A NUTSHELL** ROASTY, HERBAL AND DRY. ABOUT FACE.

From the outset, Marching Orders decided to break rank and pursue a direction all of it's own; resulting in a beer quite different to that which was intended, but very tasty nonetheless. More dunkel than schwarz in colour, more dry than malty in body and more fruity than clean in aroma; Marching Orders has re-emerged as a Dark Ale with big herbal hop character and a dry, bitter finish. More of a change step than an about face.
