

GREEN TEAM AUSTRALIA

IN A NUTSHELL WET HOPPY, HOPPY, HOPPY. OI! OI! OI!

In a bid to celebrate this year's Hop Harvest and 'close the gap between paddock and pint' Hop Products Australia released a clutch of green Oz hops - the freshest hops possible - straight off the bine.

With wet, fresh Hops available to us for the first time we jumped at the opportunity to play – so this Hop Harvest (early March) the Wheaty Brewing Corps cranked out a couple of 'Harvest Ales' to launch in late April over a dedicated Fresh Hop weekend. We also extended an invitation to other Local Brewers: if you brew a Wet Hop Ale we'll pour it and endeavor to fill an entire Font with South Australian Harvest Ales. And so the Wheaty Wet Hop Invitational was born; a weekend of Taps dedicated to Local Harvest Ales.

Green Team Australia is a Wet Hop version of our all-Oz Hop IPA using 30kg of fresh Galaxy and Ella Flowers in the Kettle, Whirlpool and Hopback- resulting in a well aromatic, Hop forward, heaps resinous IPA of Team Australian proportions.

Take one for the Team, it's unAustralian not to.
